

Wal-Mart Distribution Center Tour Business Logistics

Instructions:

1. Be at the Wal-Mart DC at the beginning of class.
2. Myself, my Grad Assistant or another professor will meet you there and have you sign a roster sheet.
3. The tour should last approximately 45 minutes to an hour.
4. You are free to go after the tour.

Directions:

Starting at Georgia Southern, take Hwy 301 south. Go through the light at Veteran's Memorial Bypass and 301. From there, you will go approximately 3-4 miles south on 301. You will pass Ogeechee Tech on the left. Shortly after that will be the second stop light since the Bypass and 301 intersection. There will be a Chevron gas station on the corner. Turn RIGHT into the Industrial park. Follow the road until it runs into the HUGE building (Wal-Mart DC). Park in the big parking lot in front of the building. Wait out front until I get everyone there.

Dress:

You may wear blue jeans, but no shorts. Also, wear shirts with collars. Finally, please wear tennis or other good walking shoes. You will walk about a mile on concrete during the tour.

Miscellaneous Instructions:

Ask questions and be polite. The Wal*Mart people enjoy their jobs and want to share with you the neat things that they do.
