Art of War Quote

Sun Tzu says.....

- “We may take it then that an army without its baggage-train is lost; without provisions it is lost; without bases of supply it is lost.”

A pair of black, lace-up boots is positioned on a dark, textured carpet. The boots are angled towards the right. The background is a light-colored, possibly white, surface that is slightly out of focus. The word "Questions?" is written in a bold, yellow, sans-serif font across the middle of the image, overlapping the boots and the background.

Questions?
